

In Loving Memory

Brenda Dobson

05/06/1960 – 10/24/2026

Brenda Sue Dobson, age 66, died on October 24, 2026, in Louisville, Kentucky.

Born on May 6, 1960, Brenda lived a life centered on caring for others. She worked as a hairdresser for many years, a role that reflected the steady and personal way she connected with people throughout her life. Brenda was known as a loving and caring individual who would bring anyone in as if they were family. She especially loved her children and grandchildren and was always wanting to take care of everyone else.

Brenda found joy in thoughtful acts of kindness. If she saw something online and thought someone would like it, she would get it for them. Those gestures were part of the everyday way she showed consideration for the people around her. She also enjoyed bingo, writing poetry, and baking cookies for everyone, simple pleasures that became part of the memories she leaves behind.

She is survived by her three sons, William Dobson, Michael Sanders, and Daniel Sanders (Christy); eight grandchildren; and one great-granddaughter.

She was predeceased by her mother, Anita Dobson; her father, William Dobson; and her sister, Wanda Dobson.

Brenda Sue Dobson will be remembered for her generosity, her constant concern for others, and the love she gave so freely to her family and to those whose lives she touched. Her memory remains in the many everyday acts of care and kindness that defined her life.
